

National Homesteaders Day

FEATURED SPEAKER

David Ford

Fairfield Good Earth Works

Regenerative Farming & Soil Regeneration

Healthy soil is the foundation of healthy food, thriving gardens, resilient farms, and stronger communities. David Ford is passionate about regenerative farming and restoring soil health through practical, sustainable practices. Whether you manage acres or a backyard garden, you'll leave with ideas that can improve the health of your soil and the abundance of your harvest.

Presentation

Following the Ribbon Cutting
Saturday, August 15 • Approximately 11:30 a.m.
Central Park • Mount Pleasant, Iowa

"Healthy soil grows more than crops—it grows stronger communities."

Skills of yesterday strengthen generations of tomorrow.
