

National Homesteaders Day

HERITAGE SKILL DEMONSTRATIONS

Experience traditional skills brought to life through live, hands-on demonstrations throughout the day. Whether you're just beginning your homesteading journey or looking to deepen your knowledge, these demonstrations are designed to inspire, educate, and help preserve the skills of generations past.

Featured Demonstrations

- Rope Making
- Wool Spinning (Henry County Conservation)
- Foraging
- Preserving Your Harvest through Drying & Dehydration
- Sewing & Quilting
- Woodworking (anticipated)
- Dutch Oven Cooking (anticipated)
- And many more heritage skills to be announced!

More Demonstrations Coming Soon

Our demonstration schedule continues to grow as additional homesteaders, makers, historians, and educators join the celebration. Check back often as new demonstrations are added leading up to National Homesteaders Day.

Interested in Demonstrating?

Do you have a heritage skill you'd love to share? We welcome demonstrations that teach, inspire, and preserve the lost skills revival. Visit the Demonstrator button on the National Homesteaders Day website to submit your application. All demonstrators must be approved prior to the event.

Skills of yesterday strengthen generations of tomorrow.
